Jose,

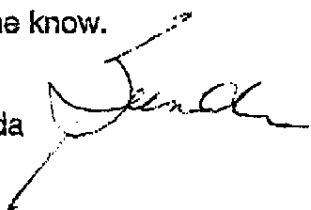

The speed boat captains do not have the 50 mile an hour impact vests (which are Type 3). They have the Type 2 (Near shore) orange vests which are approved by the Coast Guard for their type boats. These vests are rated for calm which it will be since the speed boats stay in the inland water areas.

Do you want to purchase the 50 mile an hour impact vests? You would need to get 24 (6 pax/4 boats).

Also the boats do not have the kill lanyard on their boats. That is for the jet skis, etc.

Let me know.

Brenda
